Tapeworm treatment for dogs is required when travelling from Great Britain to EU listed tapeworm free countries including Northern Ireland, Malta, Ireland, and Finland. Dogs must be treated for tapeworm no more than 120 hours and no less than 24 hours before time of entry into one of these countries. Please select from one of the following options (not applicable to cats or ferrets).

I am travelling with my dog to:

- Northern Ireland
- Malta
- Ireland
- Finland
- None of the above

NB before returning to Great Britain dogs must be treated for tapeworm not less than 24 hours, not more than 120 hours before time of entry except for return from Northern Ireland, Finland, Ireland, or Malta. You must take your AHC with you to a vet in the EU country which you are in for this treatment. If you are leaving Great Britain on a short trip returning within 120 hours you need to have this treatment done before leaving.

Can you confirm the travel is non-commercial? Yes/No

- I understand that the named owner or the person travelling with the animal must be present at the AHC appointment to sign the declaration**
- I declare that the information entered above is accurate and correct. By submitting this form, I agree that Downwood Veterinary Centre Ltd will use this information to complete an Animal Health Certificate (AHC) and any errors or omissions in the information I have provided may invalidate this AHC. Any invalidation of an AHC caused by errors or omissions in this form is entirely at my own risk.**
